

**<FEEL FREE TO MAKE SLIGHT MODIFICATIONS TO SCRIPT-MAKE IT YOUR OWN>  
<CREATE A QUESTION NOW, SO STATIONS CAN BE THINKING OF AN ANSWER>**

**<OPENING>**

Good evening, and a warm welcome to everybody on this \_\_\_\_\_ night net. The time is \_\_\_\_\_ Pacific, on <MM/DD/YY\_\_\_\_\_. My name is \_\_\_\_\_, and my call sign is \_\_\_\_\_. I am operating from \_\_\_\_\_, \_\_\_\_\_, and I will be your host and net control operator for tonight's Rag Chew / Social Net gathering, on the Spout Springs Repeater Association, WF7S.

Tonight's net is open to all licensed amateurs. Repeaters are in N.E. Oregon on 146.800 MHz, and in S.E Washington on 146.620 MHz. These repeaters use Negative Off Sets and mandatory CTCSS Tones of 123.0 Hz. They are property of the SPOUT SPRINGS REPEATER ASSOCIATION. Welcome to any stations checking in via WIRES X, IRLP, ECHOLINK or ALLSTAR.

Emergency and Urgent traffic will ALWAYS have priority on the amateur bands.

For smooth operation, PLEASE wait a few moments following a stations transmission, before starting yours. You will hear a courtesy sound when a stations transmission has ended. Following that stations transmission too closely, is called "tailgating", and is discouraged. Feel free to pause 3 or 4 seconds, it is helpful, and gives the entire system a chance to reset and catch up. Remember, your transmission is likely on repeaters outside our area, so please keep your transmissions under about 3 minutes, as repeaters typically have time-out-timers of 3 minutes.

This is your invitation to our net. Please check into our net tonight by providing your FCC call sign, to be checked in. Our format is a simple Rag-Chew, and is casual. We meet here weeknights Monday through Friday at 8 Pm Pacific, until we have no more check-ins.

This is a DIRECTED NET, so please wait to check in until invited. First we will call for "In & Out Stations, and "Mobiles". If you wish to be In & Out, please be ready to tell us how your day was. After we exhaust "In and Outs" and "Mobiles", we will start the regular portion of tonight's net with any and all station check-ins.

HOWEVER – before we begin, are there stations with traffic or announcements?

**<Begin Net>**

<LOG YOUR OWN STATION ON THE TOP OF THE CHECK IN LOG>  
<Begin Logging Check-Ins Using Check-in Log Sheet>

This is <your call sign> your NET CONTROL OPERATOR and we invite anyone who wishes to be an "In & Out", to check in now, we'd love to hear from you, even if it's briefly. Also a call for mobile stations. Come now with any IN & Outs and Mobile check-ins. (LOG THEM IN).

Being you are an In & Out <or mobile> – tell me, how was your day?

This is Net Control Station <your call sign>, Tonight's question will be...

<Choose an interesting question-avoid religion, race, politics, and other material that might offend, or has potential to offend- keep it casual please>

Please be thinking of your response to tonight's question as we get comfortable and look for more check-ins to come forward. I will keep checking for additional check-ins, so if I miss you, don't worry, I will pick you up on the next go-around.

<Starting at the top of the list of our check-ins>

Tell me how your day went.

(Take notes as you wish on Check-In Log)

Before we revisit tonight's check-ins, asking for a response to the question.... I better tell you how my day went.

<Include your own day in your comments>

<Revisit top of list and go through with your question of the night>

### **<Closing the Net>**

Before I close tonight's net, are there any questions or comments? <Listen>. Thanks to the SPOUT SPRINGS REPEATER ASSOCIATION for allowing this net to operate. Regular users of the repeaters are encouraged to become members and financial supporters. Please visit WF7S.net for more information on our projects, some photos, videos and membership applications. Your generous financial donations are sincerely appreciated in helping offset the operating costs and frequent technical upgrades to the repeater system. Complete your application On-Line, which is the easiest and preferred method, or download the application and applying for membership by mail. The address for the SSRA is 5302 Reagan Way Pasco, Washington 99301. Again the website is, Whiskey Foxtrot Seven Sierra dot net. Visit when you get a chance and learn a little more about your association. Don't forget to "Like Us" on Facebook too.

Tonight we heard from \_\_\_\_\_ check-ins including myself, and it's been a pleasure to have you on board. Our next scheduled net is tomorrow at 6 AM with the weather net, and again on \_\_\_\_\_ night at 8 PM Pacific Time. This is Net Control, closing the Social Net at <current time>, and returning the repeater system to its normal amateur use. 73 everyone, Thank You / Good Night, and until we meet again, this is <NAME & CALL SIGN> Goodnight, from your Spout Springs Repeater Association.
